What is a Music Together class like?.....

Music Together classes are fun for adults and children! Twelve children and their parents or caregivers sit in the circle and participate in music making activities, led by a teacher. These include singing, rhythmic chants, small and large movement activities and instrumental jam sessions. The teacher helps adults understand how to interact and play musically with their child in class and at home.

Our goal is to nurture your child’s natural enthusiasm for music and movement. We sing, dance, chant and play instruments in an informal setting that allows children to develop at their own pace. We also educate parents/caregivers, who acting as models in the class learn how to encourage their child’s musical growth. This is a non-performance orientated program which emphasizes the learning process, rather than the product.

Please call our office at 203-256-1656 for more information
